

Project Status report

Name:	Premal, Vishva & Pratik
Community & UN SDG(s):	Good health & wealth being, Life on land and Quality Education
MVP #	
Sprint cycle dates:	11/03/2025 to 23/03/2025

Project Name	PetCuesGame – Educational Animal Safety Game
Blurb	PetCuesGame is an interactive web-based educational game that teaches children safe and responsible pet interactions through real-world scenarios. The game aligns with UN Sustainable Development Goals (SDGs) by preventing injuries (SDG 3), enhancing digital education (SDG 4), and promoting animal welfare (SDG 15). No major changes to the project vision, but we are refining UI design and scenario-based learning mechanics
For Week Ending	23/03/2025
Project Status	Yellow
Status Description	There is no progress in the implementation work but more progress in the research paper work.

Activities—During the past sprint cycle

No implementation work but have enough progress in the research paper.

Project Issues

Lack behind because of implementation changes

Project Changes

Converting static content to dynamic with more character.

Activities—Planned for Next Week

Layout changes and character changes

Reflection

Do you feel "on track"?

Ans- Yes, we are on track but we still didn't figure it out that how we will develop functionality in this game.

What barriers (if any) do you feel is/are a current impediment to success?

Ans- Lack of resources for the reference.

University
of Regina
